

4Matrix[®]

Performance Tools for Schools and Trusts

4Matrix Fusion | Multi-Academy Trust Analytics

“Would I recommend 4Matrix? 100% yes!”

Data and MIS Support Officer
Academies Enterprise Trust (AET)

4MATRIX FUSION Multi-Academy Trust Analytics

Why 4Matrix?

4Matrix is provided by New Media Learning Ltd, the largest independent data solutions provider to secondary schools in the UK.

Over 1200 schools are actively using our powerful suite of products. Try 4Matrix for free and see what it can do for your Trust.

Trust-wide System for Collaboration

4Matrix Fusion is the premier performance analysis system for Multi-Academy Trusts and their schools. It provides a clear picture of school performance across the Trust, reporting on attainment, progress and subjects. Fusion will support your Trust's data strategy, promoting an action-research approach to school improvement.

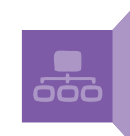

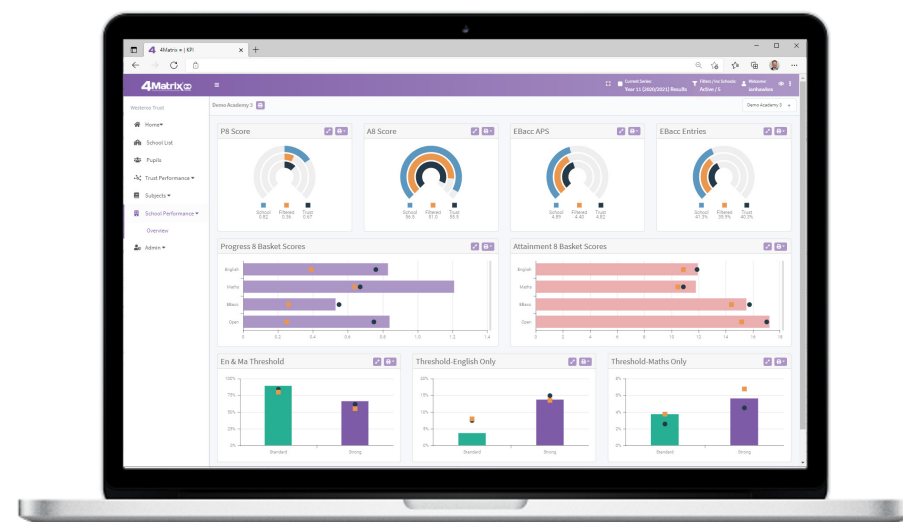

Advanced Features

Fusion has been developed in association with over 50 Multi-Academy trusts. Analyse performance data for key stages 4 and 5. Includes trend analysis for overall headline measures such as Progress 8 and Value Added, subject-level analysis and analysis of key pupil groups.

Drill-down into key pupil groups, such as Gender, SEND, Disadvantaged, EAL and more, to better-understand the effects of these groups on your Trust's performance.

Key Features

- Cloud-based
- Hosted by 4Matrix
- KPI analysis
- Subject analysis
- Off-the-shelf solution, no programming required

Trust Analytics

Multi-school analysis, designed for Trusts and groups of schools to explore and research performance data.

Powerful Data Tools

Aggregate, rank and compare your school's KPI's and subject performance as a whole and by key groups.

Future-Proof with 4Matrix Cloud

Compatible with the current 4Matrix Desktop application and the new **4Matrix Cloud**.
